- **Recreation Program Opinion Poll**

Would you support an increase of \$5-\$10 to Measure 26 to expand the diversity of student programming with the Recreation Department at OPERS? Over 100 student employees make possible more than 350 activities each year in a variety of programs, including surfing, dance and cooking classes, Experiential Leadership Program and outdoor equipment rental.

Would you like to see a high ropes course and team building facility at UCSC? The focus would be on facilitating a fun shared experience, building teams and trust, breaking down barriers and opening channels of communication. Programs would be run by student facilitators, available year-round and accessible to students and organizations across campus.

If Recreation were to expand its student programming, what would you like Recreation to offer?
