

College Student Govt. Fee 1964-1965

Proposal by Committee on Finance:

That a student activities fee of \$8 per student per quarter be established on the Santa Cruz campus effective in Fall 1965, the proceeds of which would be used to finance student publications, intramural sports, dramatics, forensics, musical, social and other activities of the college of which the student is a member. The fees would be assessed on all students, graduates and undergraduates, residents or commuters.

Regents approved for UCSC opening.
